

Invitation to Bid

Little Lake Fire Protection District

Willits, California

Baechtel Road Fire Station Apron Project

Sealed bids for the construction of the Baechtel Road Fire Station Apron Project (Project) will be received by the Little Lake Fire Protection District at the Main Fire Station, 74 East Commercial Street, Willits California, 95490 until 2:00 pm local time on Aug 10th, 2022 at which time the bids will be publicly opened and read.

The Project is located at 1551 Baechtel Road, Willits, California. The Project generally consists of providing the labor, material and equipment necessary to sawcut, excavate, demolish, and haul off approximately 2550 square feet of existing concrete apron and approximately 1750 square feet of existing asphalt cement paving to new substrate; form, pour and finish new 6" 3000 psi concrete slab apron and 24" wide concrete drainage swale with #4 rebar at 18" each way. Surface preparation for the new concrete slab apron and drainage swale shall consist of scarifying and recompacting native subgrade to 90% relative compaction and placing 7" of Class 2 Aggregate Base to 95% relative compaction.

The Project Plan and Contract Document are available at the North Coast Builders Exchange and at the Main Fire Station, 74 East Commercial Street, Willits, CA 95490.

The Project construction cost is approximately \$95,000.
